

Dear Hunters Ridge Homeowner:

Attached please find the Hunters Ridge Country Club Security Information Form. Many of our homeowners have indicated they have guests/service providers who frequently come into the community and they would like them to be permitted entry into Hunters Ridge without receiving prior telephone notification to our security guards. If this applies to you, please take a few minutes to complete this form and list those individuals/service providers who are permitted entry at any time, including vendors who come in on a routine basis. Please return this form to the Club Administration Office or to the Security Department at your earliest convenience. This form must be updated on an annual basis by November 1<sup>st</sup> of each year, and all previous forms will be discarded at that time. If you do not fill out a new form by November 1<sup>st</sup>, you will no longer have a list on file and the guard will have to call you each time you have someone who needs entry. In an on-going effort to keep Hunters Ridge safe and secure, please review and follow the following rules and regulations:

- *Call the Security Guardhouse (239-992-7691) and inform the guards when you have a guest arriving. If you have a guest arriving and the security guards have not been properly advised of such, the security guards will call your residence to seek permission to allow entry. Please know that if the guards cannot make contact with you to obtain permission to allow your guest entry, your guest will politely be denied entry.*
- *Please remember that solicitation is not allowed in Hunters Ridge. If someone comes to your residence trying to sell you something, and you were not expecting them, please call the security guardhouse immediately. Those persons are trespassing and will be arrested as quickly as possible by the Lee County Sheriff's Department.*
- *Automobile and golf cart garage doors must be closed at all times except when actively being used (Article VII, Section 12 of the Hunters Ridge Master Declaration). The Lee County Sheriff's Department cannot emphasize this enough! This is where a large number of burglaries take place throughout Lee County.*
- *Our security guards are tightening entry into our community. Please know that every non-resident must show a photo ID to gain entry. This also includes those listed on your Permanent Guest List, so please let those individuals know accordingly. We will be sending "new" Security Information Forms to all of our members in early October. Please return them to the Club Administration Office no later than October 31st. There is space provided on this new form for your permanent guests and also those vendors who come into the community on a regular basis, i.e. home watch service, pool service, landscaping service, etc. Effective November 1st, 2011, all previous Security Information Forms will be discarded. These Security Information Form will now be updated annually.*
- *If you ever notice anything unusual, please call the Security Guardhouse immediately. Also, every visitor/non-resident automobile must have a Hunters Ridge pass displayed on the windshield at all times. There are different colored passes for the various types of visitors/non-residents, but if you ever notice a vehicle without the pass displayed, please call the Security Guardhouse immediately.*
- *Please also remember that no vehicles of any type are to be parked on the roadways, at any time, throughout the entire Hunters Ridge development. Please also obey all posted speed limits within the community.*

All of us must take an active role in making our security the best it can be. We greatly thank you in advance for your helpful participation.
