

Hunters Ridge Golf & Country Club is truly a great place to live, and especially a great place to play golf! This award-winning 18-hole par 72 championship golf course was rated by Golf Week magazine as one of the top 15 most distinctive development courses in Florida. Along with that, our Hunters Ridge golf course has been voted the best golf course in the entire Bonita Springs area for several years by the Fort Myers News Press.

When becoming a golf member, you have unlimited golf privileges. With our limited number of golf members you have no trouble getting a preferred tee time which is made personally by our PGA staff. Play every day if you desire.

Our course is in wonderful condition. Our greens were completely rebuilt in 2004 using only the finest blend of tifeagle grasses. Our course has multiple tees, all of which were recently enlarged and improved, which offers a challenging round for players of all skill levels. Also, a new state of the art irrigation control system was recently installed. Membership also enables you to improve your game by using the driving range and our three (3) practice greens. The close-knit, friendly nature of our members, the professional golf staff, as well as our PGA pro, are easily accessible should you need help with your game. We also provide a computerized USGA Handicap service and our pro shop is fully stocked for all your golfing needs.

Golf activities include two men's day and two ladies day events each week that are fun for all players. Our professional staff provides several special events throughout the year and our annual member-guest tournaments are the finest in the area. We also have an exceptional reciprocal golf program during the spring and summer months, giving us access to many other of the finest private courses in the southwest Florida area.

Our annual dues are among the lowest in the area, and we are one of the very few clubs that allow private golf cart ownership. Currently our initiation fee, presently valued at twenty-six thousand dollars (\$26,000) is being offered for only nineteen thousand dollars (\$19,000) to the first five (5) social members who want to take advantage of this offering.

For more information, including financing options, or for a tour of our golfing facilities, please contact our membership director or general manager at 239-992-4900.
